# AUSTRALIAN SECURITIES AND INVESTMENTS COMMISSION

## Section 1: Entity overview and resources

### 1.1 STRATEGIC DIRECTION STATEMENT

The Australian Securities and Investments Commission (ASIC) is an independent government body established under the *Australian Securities and Investments Commission Act 2001*.

ASIC's objectives, as set out in the *Australian Securities and Investments Commission Act 2001*, are to:

- maintain, facilitate and improve the performance of the financial system and the entities within that system in the interests of commercial certainty, reducing business costs, and the efficiency and development of the economy;
- promote the confident and informed participation of investors and consumers in the financial system;
- administer the laws that confer functions and powers on it effectively and with a minimum of procedural requirements;
- receive, process and store, efficiently and quickly, the information given to ASIC under the laws that confer functions and powers on it;
- ensure that information is available as soon as practicable for access by the public; and
- take whatever action it can take, and is necessary, to enforce and give effect to the laws of the Commonwealth that confer functions and powers on it.

ASIC's strategic priorities are to:

- promote investor and financial consumer trust and confidence;
- ensure fair, orderly, transparent and efficient markets; and
- provide efficient and accessible registration.

As the financial services regulator, ASIC has responsibility for investor and consumer protection in financial services. ASIC administers the Australian financial services (AFS) licensing regime and monitors financial services businesses to ensure that they operate efficiently, honestly and fairly. These businesses typically deal in

superannuation, managed funds, deposit and payment products, shares and company securities, derivatives and insurance.

As the consumer credit regulator, ASIC regulates people and businesses engaging in consumer credit activities (including banks, credit unions, finance companies, and mortgage and finance brokers). ASIC ensures that licensees meet the standards - including their responsibilities to consumers - that are set out in the *National Consumer Credit Protection Act 2009* (National Credit Act).

As the markets regulator, ASIC monitors how effectively financial markets are complying with their legal obligations to operate fair, orderly and transparent markets. ASIC also advises the Minister about authorising new markets. It has responsibility for the supervision of trading on Australia's domestic licensed equity, derivatives and futures markets.

As the corporate regulator, ASIC ensures that companies, schemes and related entities meet their obligations under the *Corporations Act 2001* (Corporations Act). ASIC registers, and regulates companies at every point from their incorporation through to their winding up, and ensures that company officers comply with their responsibilities. This 'cradle to grave' approach enhances regulatory oversight. It also registers and, where necessary, take disciplinary action against company auditors and liquidators. ASIC also monitors public companies' financial reporting and disclosure and fundraising activities.

ASIC promotes financial literacy, to ensure investors can have greater confidence when buying financial services, and are able to make sensible and informed financial decisions.

ASIC also operates a public register that provides information about Australia's companies, business names, financial services licensees and other professionals registered with ASIC.

## **1.2 ENTITY RESOURCE STATEMENT**

Table 1.1 shows the total funding from all sources available to the entity for its operations and to deliver programs and services on behalf of the government. The table summarises how resources will be applied by outcome (government strategic policy objectives) and by administered (on behalf of the government or the public) and departmental (for the entity's operations) classification.

For more detailed information on special accounts and special appropriations, please refer to *Budget Paper No. 4 – Agency Resourcing*.

Information in this table is presented on a resourcing (i.e. appropriations/cash available) basis, whilst the 'Budgeted expenses for Outcome 1' table in Section 2 and the financial statements in Section 3 are presented on an accrual basis.

## Section 2: Outcomes and planned performance

Government outcomes are the intended results, impacts or consequences of actions by the government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs which contribute to government outcomes over the Budget and forward years.

Each outcome is described below together with its related programs. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

**Note:**

From 1 July 2015, performance reporting requirements in the Portfolio Budget Statements sit alongside those required under the enhanced commonwealth performance framework. It is anticipated that the performance criteria described in Portfolio Budget Statements will be read with broader information provided in an entity's corporate plans and annual performance statements – included in Annual Reports from October 2016 – to provide an entity's complete performance story.

**Table 2. 2: Performance criteria for Outcome 1**

The table below details the performance criteria for each program associated with Outcome 1. It also summarises how each program is delivered and where 2016-17 Budget measures have created new programs or materially changed existing programs.

### Outcome 1

To allow markets to allocate capital efficiently to fund the real economy by promoting investor and financial consumer trust and confidence, facilitating fair, orderly and transparent markets and delivering efficient and accessible registration

## **Program 1.1 – Australian Securities and Investments Commission**

Program 1.1 contributes to Outcome 1 by improving industry behaviour through ASIC's detect, understand and respond approach where investor and financial consumer trust and confidence and fair, orderly and transparent markets are most at risk. ASIC:

- detects misconduct or the risk of misconduct through surveillance, breach reporting, reports from whistleblowers and the public, data gathering and matching;
- understands and analyses the intelligence it receives; and
- responds to misconduct or the risk of misconduct through education, disrupting harmful behaviour, enforcement, communicating the actions we take, engagement with industry and stakeholders, guidance and policy advice.

This program also seeks to improve ASIC's registry services by developing initiatives for business and consumer stakeholders to simplify and reduce the cost of interactions with ASIC.

<b>Delivery</b>	<p>ASIC will deliver this objective through engagement with industry and stakeholders, surveillance, guidance, education, enforcement, policy advice, and communicating the actions we take.</p> <p>Program deliverables are focused under each strategic priority.</p> <p><b>Promoting investor and financial consumer trust and confidence</b></p> <p>Deliverables are designed to:</p> <ul style="list-style-type: none"> <li>• educate investors and promote information about risk, reward and diversification, and improve financial literacy levels so investors and financial consumers are empowered with trust and confidence in the financial system;</li> <li>• hold people with a trusted role in the financial system (gatekeepers such as advisers, custodians, and product manufacturers and distributors) to account if they are not meeting their obligations;</li> <li>• supervise and hold accountable those in the financial services sector where misconduct is detected; and</li> <li>• recognise and understand how and why investors and financial consumers make financial decisions, and respond using this understanding.</li> </ul> <p><b>Ensuring fair, orderly, transparent, and efficient markets</b></p> <p>Deliverables focus on:</p> <ul style="list-style-type: none"> <li>• supervising equities and derivatives markets for instances of market misconduct;</li> <li>• supervising market operators for compliance with statutory obligations;</li> <li>• promoting good corporate governance; and</li> <li>• holding people with a trusted role in the financial system (gatekeepers such as auditors, directors, market operators and participants) to account if they are not meeting their obligations.</li> </ul> <p><b>Providing efficient and accessible registration</b></p> <p>Deliverables seek to:</p> <ul style="list-style-type: none"> <li>• provide stakeholders with modern, efficient, accurate and cost effective corporate registers;</li> <li>• improve public access to information about registered and licensed entities;</li> <li>• reduce costs and red tape for business by making it easier to transact with ASIC; and</li> <li>• administer the law to enhance commercial certainty and reduce business costs.</li> </ul>

## Section 3: Budgeted financial statements

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of entity finances for the 2016-17 Budget year, including the impact of budget measures and resourcing on financial statements.

### 3.1 BUDGETED FINANCIAL STATEMENTS

#### 3.1.1 Differences between entity resourcing and financial statements

Section 3 presents explanatory tables and budgeted financial statements which provide a comprehensive snapshot of ASIC's finances for the 2016-17 Budget year. It explains how budget plans are incorporated into the financial statements and provides further details of the reconciliation between appropriations and program expenses, movements in administered funds and special accounts.

#### 3.1.2 Explanatory notes and analysis of budgeted financial statements

##### Budgeted departmental income statement

ASIC is budgeting for a break-even operating result for 2016-17 and for the remainder of the forward estimates, after adding back non-appropriated depreciation and amortisation expenses.

##### Budgeted departmental balance sheet

This statement shows the financial position of ASIC. It helps decision-makers to track the management of ASIC's assets and liabilities.

ASIC's budgeted equity (or net asset position) for 2016-17 is \$110.7 million.

The 2016-17 equity position reflects the cumulative effect of capital injections of \$53.5 million received during 2016-17.

##### Budgeted departmental statement of cash flows

The budgeted statement of cash flows provides important information on the extent and nature of cash flows by categorising them into expected cash flows from operating activities, investing activities and financing activities.

##### Departmental statement of changes in equity — summary of movement

This statement shows the changes in the equity position of ASIC. It helps decision-makers to track the management of ASIC's equity.

##### Departmental Capital Budget statement

This statement shows details of capital appropriations received by ASIC. It helps decision-makers to track the acquisition of new non-financial assets.

### **Statement of asset movements — departmental**

This statement shows details of gross asset movements during the year. It helps decision-makers to analyse movements of non-financial assets.

### **Schedule of administered activity**

#### **Schedule of budgeted income and expenses administered on behalf of government**

The schedule of budgeted income and expenses administered on behalf of government shows the revenue and expenses associated with the collection of revenue under the *Corporations Act 2001* and ASIC's responsibilities in administering unclaimed monies under the *Banking Act 1959*, the *Life Insurance Act 1995* and section 77 of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act).

Other non-taxation revenue represents the amount of fees and charges budgeted to be levied under the *Corporations Act 2001* and estimated receipts of unclaimed monies under the *Banking Act 1959*, the *Life Insurance Act 1995* and the *Corporations Act 2001*.

Expenses represent budgeted payments of unclaimed monies, refund of overpaid fees and charges levied under the *Corporations Act 2001*, bad debt expense, administered advertising expenses and grant payments to registered insolvency practitioners to investigate breaches of directors' duties and fraudulent conduct.

#### **Schedule of budgeted assets and liabilities administered on behalf of government**

The amount shown for receivables in 2016-17 and in the forward estimates is the estimated amount of fees and charges under the *Corporations Act 2001* remaining unpaid at 30 June.

The amounts shown in other payables for 2016-17 and the forward estimates represent the estimated amount of refunds relating to the overpayments of annual review and other fees under the *Corporations Act 2001*, estimated claims payable under the *Banking Act 1959* and the *Life Insurance Act 1995* and companies unclaimed monies under section 77 of the PGPA Act.

### **Schedule of budgeted administered cash flows**

Budgeted administered cash flows provide important information on the extent and nature of cash flows by categorising them into expected cash flows from operating activities, investing activities and financing activities.
