

Governance of not for profit organisations comes at personal cost to thousands of dedicated people working together for a common goal. That is to build their organisations ensuring they meet regulatory and community expectations. Along with ACMA and CBF the ACNC is integral to their organisations success. Ensuring that organisations such as our Community Radio Station is backed up by correct procedures that have the potency to remove areas under their control that no longer meet the agreed guidelines.

I personally commend the ACNC for their ongoing support and look forward to working with them in future dealings.
