EDR Review Secretarial:

I believe there is another Review taking place.

To whom it may concern,

Our issue is with the CBA, Box Hill, Branch.

Head Office....

This Branch is involved in the CBA \$76 million plus Ponzi Scheme.

We discovered that we had become a Victim in 2007.

We try to warn the CBA of our concerns in February 2007.

We had grave fears that we had become Victims of some sort of scam....

Instead of listening to us, taking notes, implementing an urgent Investigation and treating our concerns with respect and urgency.

We became Bank Enemy No 1z

The Big Cover Up began and our nightmare began...

All the Visits to the Branch, all Staff, withheld all the most important and relevant information that would have stopped this Biggest Ponzi Scheme and saved

many Customers from years of utter help and massive losses.

This proves that the staff either knowingly or unknowingly aided and abetted the criminal elements that were acting within the CBA Bank.

This destroyed many Loyal and Trusting Customers lives.

Causing them to lose all their life savings and leave them destitute and penniless..

If the CBA had acted on the advice received from us in February 2007 the outcome would have been so different.

Instead the CBA set out to ruin us, discredit and destroy us.

In fact when the CBA finally engaged the Fraud Squad in 2011, the Brief, was to try and implicate the Victims Instead the Detective discovered it was the CBA own Top Sales Manager who was one of the ring leaders.

Instead of admitting this the CBA Hierarchy continued to try and shift the blame and destroy us.

When really it was all so simple

The Top Sales Managers did not do his proper due diligence, our Loan should never been approved.

But before we knew it all our funds were gone.

It was all the CBA fault.

This is our story in the most simplistic form, but that really what it is all about...

Our Loan should have been refused

But the Top Sales Manager, was the person in Control
and our money was gone and we had the debt....

Thanking you

Kind Regards

DebbiecBarker.

Melvyn James BARKER

CBA Box Hill Branch...

We have reported this to all Regulatory Bodies..

Senator John Williams

FOS....

We will attend the Inquiry....

BRN has our Story.
