Subject: Re., RACV Flood insurance policy they are trying to make compulsory

We are gold members of RACV, never made a claim on house insurance(We are NOT in a flood area) have been at the same address for 50 years in June 2012. We find that it is intolerable that we should have to abide by RACV in their decision. (of covering other people who are in flood prone to flooding) We should be able to NOT have flood cover if we wish not to. Yours sincerely John and Elaine Walker
