Subject: Deductions....
Date: Wednesday, 28 June 2017 6:31:47 PM

G'day,

With regard to your review of the tax deductibility of donations to environmental orgs, I suggest you make those donations 150% or 200% deductible. The forces of greed already have huge amounts of money with which to wage war on our beautiful priceless planet; so we really need to even up the odds somehow.

Cheers!
