

## **COMMENT ON EXPOSURE DRAFT “CHARITIES BILL 2013”**

### **RECOMMENDATION**

**I would like to propose the following insertion in Division 2, Section 6 or 7 of the Charities Bill 2013 Exposure Draft**

“The purpose of eliminating inequitable access to opportunities for the underprivileged, disadvantaged and discriminated”

(This will include migrants (especially from non-English speaking background), disabled persons, same sex couples, mentally ill, drug and alcohol addicts, kids being bullied, Women subject to domestic violence, Promoting Senior appointments for women (at present there is evidence to suggest on some occasions women are discriminated when compared to men) who fall into this category.
