Subject: Submission Regarding The Handling of Client Money

Dear Sir or Madam,

Please accept the attached brief submission in relation to your current enquiry regarding the handling and use of client money in relation to derivatives transactions.

I, as trustee for my self-managed superannuation fund, am a client of MF Global Australia. The recent demise of this brokerage firm has highlighted for me a number of deficiencies in the Australian law and I am pleased to see that a review is taking place. I would be happy to answer any questions you may have in relation to this matter.

Yours sincerely,

Peter Tylee
