Financial System Inquiry.

GPO Box 89,

Dear Sir,

When I went into
business nobody guaranteed my
outcome, I successfully ran
3 different business over the
last 42 yrs some of the time
2 at once, some 20 yrs ago
I contacted the Federal Liberal
& Labour party about the bank-
ing system here only to be told
I don't know what I was talking
about - Now look at them
let them fail - we need
our own National bank to
look after our superannuation
& deposits

P.T.O.

And to keep the other bastards honest.

Your purpose is to serve the common good for all citizens of this country, not for the mismanagement of our Banks, who have made bad choices

Yours sincerely

Citbert Kelly
