Which mock-up version of the Key Facts Sheet would best help prospective franchisees to make an informed decision?

mock up 3

Make a general comment

As long as the disclosure document is completed correctly (who vets this document to ensure it is correct?) and the Franchise Agreement is provided within an adequate time for the franchisee to make an informed decision, then the key fact sheet 3 containing concise summaries of the information within the disclosure document and Franchise Agreement appears to strike the balance between duplication of information between the fact sheet and disclosure document while giving the prospective franchisee key information to consider.

LPOG fully supports all of the draft amendments with special interest relating to Significant Capital Expenditure, Early Exit and Dispute Resolution in regard to the Arbitration provisions.
