

Bank closures

To Regional Banking Taskforce,

I would like to submit a complaint as to so many branch closures of different banks.

It has caused inconvenience to me as I now have to drive between two different shopping areas to do my banking. With both ANZ and the Commonwealth Bank at both Erina fair and the Erina banking centre, this was convenient for me. ANZ has closed at Erina fair and Commonwealth Bank has closed at the banking centre. I now have to go to both locations and parking at the business centre always causes a problem, insufficient parking.
