

Dear Sir/Madam,

It is my will, as an Australian citizen, to inform you that we need an Australia Post Bank. This country's financial landscape is run entirely by private banks who are nothing short of pirates, robbers and thieves. You are in a position to do something for the people of this nation, whose investment of their own wealth and hard work have built this country, in contrast the private banks only contribution is to profiteer from the wealth of the citizenry and the natural resources that belong to our commonwealth. Your first loyalty and primary interest, should be to us, the people and not the interests of private banking corporations.

I am informing you that it is my will that you find in favour of an Australia Post Bank.

Thank you

Susan Poore
