

Please give Australian farmers a regional bank

Dear Sir/Madame,

Please pass this along to the relevant parties.

I Christine Susan White of [REDACTED] WA [REDACTED] do hereby urge you to give the citizens of Australia a postal bank.

Our farmers need to have access to regional banks, which have been closing down, forcing them to drive longer distances.

It would also help with our carbon emissions if banking were more convenient for all Australians including those of us in cities.

Sincerely,

Christine
