

I totally object to this proposed decision by the federal govt.  
What a disgrace and pathetic govt this is to try and implement this ridiculous change.  
Last election the labor government said they would not go near this issue.  
THEY LIED.  
They ought to be ashamed of themselves.  
That's why you don't vote labor, they lie on their promises.  
Charmers is a disgrace.

Yours truly
