See below. By the way, there is an issue with the timing of getting between Blavatnik and Old Road Campus at 3pm.

Everyone I have spoken with indicates that 30 minutes to get from Blavatnik School of Government can be tricky as Oxford Street clogs up in the afternoon. s 37

Regards,

Blavatnik School of Government

Subject: Health Policy Seminar: Dr Andrew Leigh - Data-Driven Decisions: The Case for Randomised Policy Trials Wednesday 02 Oct 2024

We are excited to announce that the REAL Demand and Supply Units, HERC, and CHE, will be hosting Dr Andrew Leigh, to present ***Data-Driven Decisions: The Case for Randomised Policy Trials***

Date and time: Wednesday 02 October 2024, 16:00 hours (4.00 pm UK BST)

Location: Richard Doll Lecture Theatre, Richard Doll Building, Old Road Campus, Oxford, OX3 7LF or Online via Zoom/Microsoft Teams

To Join: This is a free event, which will be taking place in-person or online via Zoom/Microsoft Teams. To register your interest in attending this talk please click [HERE](#)

Summary: In medicine, multiple randomised trials have found potentially promising treatments to be ineffective (or even harmful). Randomised trials in health save money and save lives. Yet while randomised trials have proliferated in health, randomised trials of social programs remain relatively rare. Drawing on examples from different countries and policy areas, I discuss the value of randomised trials for economic efficiency and improving the quality of government services. In Australia, the 2023 establishment of the Australian Centre for Evaluation has provided a platform for conducting more randomised trials across government. International collaboration on evidence creation and evidence sharing offers an opportunity to encourage best practice evaluation and entrench a cycle of continuous improvement within governments.

Bio: Andrew Leigh is the Assistant Minister for Competition, Charities, Treasury and Employment, and Federal Member for Fenner in the ACT. Prior to being elected in 2010, Andrew was a professor of economics at the Australian National University. He holds a PhD in Public Policy from Harvard, having graduated from the University of Sydney with first class honours in Arts and Law. Andrew is a past recipient of the Economic Society of Australia's Young Economist Award and a Fellow of the Australian Academy of Social Sciences.

His books include *Disconnected* (2010), *Battlers and Billionaires: The Story of Inequality in Australia* (2013), *The Economics of Just About Everything* (2014), *The Luck of Politics* (2015), *Choosing Openness: Why Global Engagement is Best for Australia* (2017), *Randomistas: How Radical Researchers Changed Our World* (2018), *Innovation + Equality: How to Create a Future That Is More Star Trek Than Terminator* (with Joshua Gans) (2019), *Reconnected: A Community Builder's Handbook* (with Nick Terrell) (2020), *What's the Worst That Could Happen? Existential Risk and Extreme Politics* (2021), *Fair Game: Lessons From Sport for a Fairer Society and a Stronger Economy* (2022) and *The Shortest History of Economics* (2024).

Andrew is a keen Ironman triathlete and marathon runner, and hosts a podcast called [The Good Life: Andrew Leigh in Conversation](#), about living a happier, healthier and more ethical life. Andrew is the father of three sons - Sebastian, Theodore and Zachary, and lives with his wife Gweneth in Canberra. He has been a member of the Australian Labor Party since 1991.

OFFICIAL

s 22
Hi

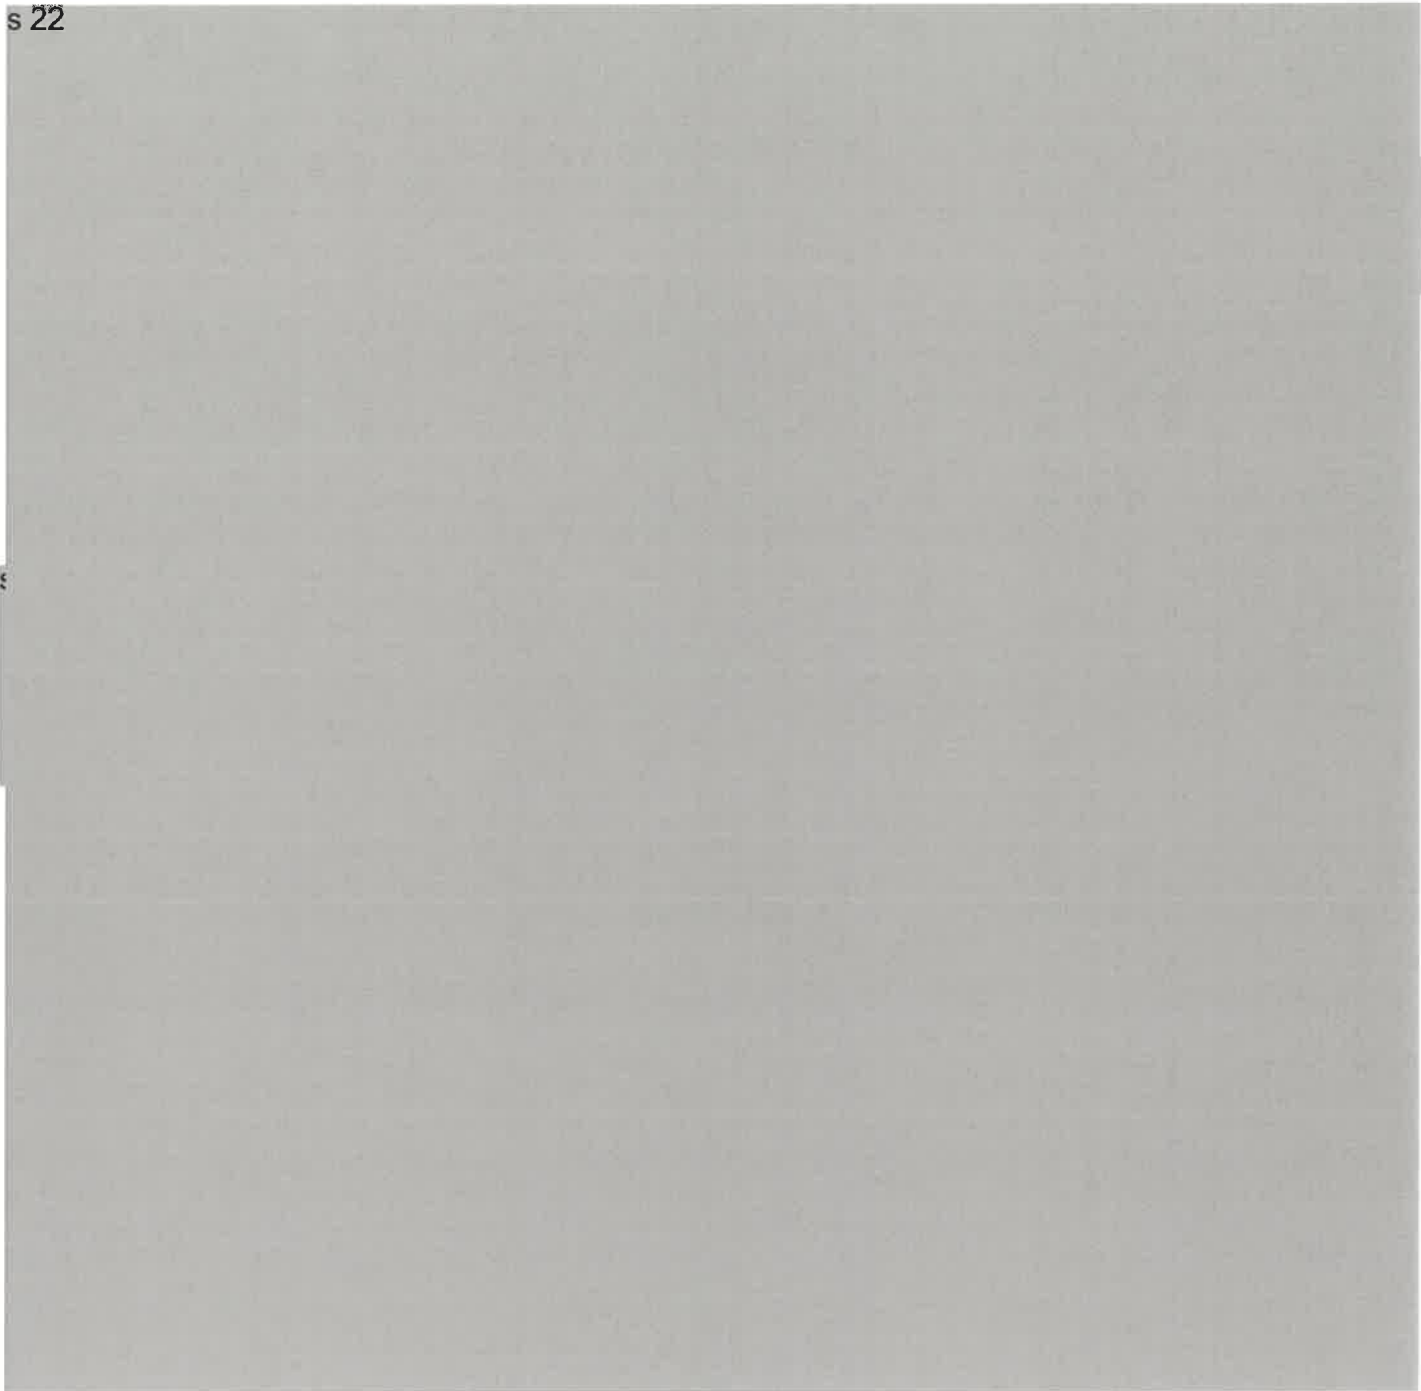

Thanks for the detail. Happy for the event to be a fireside chat and Q&A. A BIT colleague, s 22, will be opening the event just to give a quick (<5 mins) intro on BIT & Nesta's expertise in research and evaluation in policymaking, before passing to AM Leigh and David.

I'll have the invitation text updated this morning and thanks for confirming re recording.

s 22

Best,
s 22

Hi s 22

We are scheduling the BIT/Nesta event for 15:30-16:30pm (UK time).

I will start sending out invites tomorrow and it will be sent to our newsletter distribution list and we will do some social media posts as well. The registration page will go live [here](#) (not yet live - we will be updating the text a little).

Can you please confirm if AM Leigh would be happy for the event to be recorded? We can keep this for internal use only if preferred (i.e. people at BIT/Nesta that could not attend).

Many thanks,

s 22

Hi s 22

Hope you had a nice weekend too.

Yes, very happy with your proposed approach. I'll come back to you later today with proposed timing for the event
s 22 what time
would AM Leigh need to leave for the flight back?

Audience: there would be attendees from across BIT & Nesta (BIT's parent company). We would also invite members of the What Works Network, academics and other interested parties (Campbell collaboration, Wellcome, other commentators).

Topic: would be great to focus on the role of research and evaluation in policymaking. Would that be suitable for AM Leigh? Happy for other suggestions too.

Hi s 22

s 22
s 22
s 22

Perhaps a speech from AM Leigh (c.20 minutes) followed by a discussion with s 22 (c.20 minutes) and then Q&A? How does that sound? s 22 will revert with his thoughts too.

Sorry s 22 I don't think s 22 email was copied in your email - please could you resend?

Best,

Hi § 22

Yes if you just plan to arrive at 3.15ish we can get AM Leigh set up with tech, etc. Cc'ing § 22 who can confirm on anything specific for the Q&A.

We have a good number signed up, including lots from BIT/Nesta, so it's shaping up to be a great event.

See you soon, have a safe journey.

Kind regards,

Hi § 22

I hope you had a restful weekend.

Just a quick note to check in with you ahead of the BIT event on Thursday.

Apart from getting to your offices in time for a 3:30pm event start, are there any other preparations or details that we should make or things to have in mind? (i.e Is there anything specific § 22 is keen to focus on in Q&A?).

See you in London soon!

Kind regards,

s 22
